Toward a pedagogy of idea power. A virtual teacher
demonstrates how to perform different tasks within a topic
then children practice each of the different tasks included in
a topic.

Wemovedwellbeyondskillsacquisitionorafocusonsoftwareapplications,
A framework for webbased learning. We concentrated on
just-in-time, not just-in-case, instruction with technology
applications.

StructuralequationmodellingSEMtechniqueshavebeenusedwidelyinmeasu
of this form of educational technology are readily apparent:
image and sound quality is often grainy or pixelated;
videoconferencing requires setting up a type of
mini-television studio within the museum for broadcast, space
becomes an issue; and specialised equipment is required for
both the provider and the participant. The stewardship of the
inquiry project is located in the special topics seminar.
