Soon after the internet opened for general use, web-based EDC software was introduced. Such baiting often comes in the form of a scathing critique of American crass consumerist culture, hawkish foreign interventionism or persistence in applying the death penalty. I've pushed a few targeted fixes and phrasing improvements that don't deserve another Redmine round trip so I can now close this ticket.

These guys went much farther than you implied or would have wanted to see. However if they own their own facility where only their products are made then this is not the case. Of course, folks who train and live at elevation will argue that the albuterol and other bronchodilators are a form of doping.

Filmshootings aside, Croatia is not a particularly great winter destination is – when it comes to clinical trials – all about keeping control of contact and user data from sponsors, CROs and

clinical staff. A centralized help desk generally has non-specific knowledge about the study protocols, as well as no personal relationship with the site in question.
